

The single glass... **EXISTS!** ...and is called

The MOUTH
for white wines.
The slight re-opening
invites you to drink
and favours the floral
expression of
the wines

The BELLY
for red wines.
Wide and welcoming,
it opens out
and allows you to
fully enjoy the aromas

The BOTTOM
for bubbles.
Thanks to its elongated,
narrow shape.
The point at the base of the glass
creates a beautiful,
persistent perlage

The HEART
The heart is 100% Italian,
conceived in Italy and
crafted in Italy using
Italian technology:
“LUXION lead-free crystal”:
+ transparency, + brilliance,
+ strength, + recyclability,
+ sustainability

All this, thanks to

Since today, drinking with **ENÒ** will be easier!

ENÒ is an exclusive project by **VINO LIBERO**
