BIOLÓGICO TINTO 2021

HARVEST REPORT

2021 was a challenging year at Casa Relvas. Winter was cold and rainy. Spring was also rainy with a medium pressure of mildew. The vines responded well in terms of hydric needs during the beginning of the vegetative season. Temperatures this summer were quite mild, with only a few days above 38°C. Ripening was very slow, promising a great 2021 vintage
