

## Fable Mountain Vineyards

Bought in 2010 by Charles Banks of Californian-based wine and hospitality investment firm Terroir Capital, Fable (with Stellenbosch property Mulderbosch) forms part of the Terroir Selections portfolio of wine sites in California, Chile, Argentina, Italy and New Zealand, handpicked for viticultural uniqueness. Australian Rebecca Tanner and South African Paul Nicholls, young partners in life and winegrowing, are the dedicated duo here, working with the deep shale soils of the Witzenberg Mountain foothills between Tulbagh and Wolseley. Chenin and Rhône varieties are the focus, blending 'a top priority', belief in sustainable, biodynamic farming unshakeable. All this aimed at making great wines from small, meticulously vinified parcels of fruit to express 'our increasingly solid knowledge of the site and the elements of this beautiful wilderness area'.

### Fable Mountain Vineyards Jackal Bird 2013

CATEGORY: [WHITE BLENDS](#), [WOODED](#), [DRY](#)

Beautifully textured 2013, with delicate mineral vitality, form-giving pithy grip. Structure in harmony with elegant whole of its pure chenin, grenache blanc, chardonnay, viognier & roussanne make-up. Bought in fruit, like 2012 (★★★★★). *Wine tasted by Angela Lloyd* [More](#) »

### Fable Mountain Vineyards Night Sky 2012

CATEGORY: [RED BLENDS](#), [SHIRAZ/SYRAH-BASED](#) | SUB-CATEGORY: [RED BLENDS](#), [SHIRAZ/SYRAH-BASED](#)

Rich yet unheavy 2012 tank sample has sound core freshness in its shiraz (60%) with grenache (25%) & mourvèdre blend. Clean leather & spice notes cradled by fine juicy tannins make for youthful accessibility; good potential too. 2011 (★★★★☆) more chewy. *Wine tasted by Angela Lloyd* [More](#) »

### Fable Mountain Vineyards Syrah 2012

CATEGORY: [SHIRAZ/SYRAH](#)

Masterly 2012 shows great depth & freshness in its expressive dark spice, gentle red fruit. Good in youth thanks to perfect balance & refined tannins but promises much more in long term. Natural ferment, bottled unfiltered, as all. *Wine tasted by Angela Lloyd* [More](#) »
