	WINEMAKER CHLOE EARL	

John Graham Brown inherited a natural curiosity to explore, through the planting of new vineyards, dealing with diverse climates and the development of a research winery, called the Kindergarten. His passion for wine, led the way with innovative wine styles and grape varieties from across the globe.

The Muscat grape picked late in the season exudes flavours of lychee and ripe melon. This wine showcases Muscat's natural floral aroma and mouth-filling lusciousness. Explore this wine as an aperitif or at the end of a meal with cheese or pudding.
